

OF 20,000 IN THIRD WEEK OF COAL STRIKE

ons Report Number Idle Increasing; Peak Not Reached

PIANAPOLIS, April 21.—The third week of the national strike in the coal industry today, officials of the United Workers of America at union headquarters here declared that peak strength in the strike of yet been reached although number of idle miners had risen to 630,000, a gain of 20,000 during the week.

It is being a more complete of the industry will be completed by officials' assertion that expected further gains and that no break was threatened in the main ranks, which are the strongest of the union fields.

For the union's avowed purpose of winning a complete victory of coal industry developments may be expected to come in the Pennsylvania regions and also in Virginia, the strongholds of the union's fight.
